Please be sure to complete the emergency contact details on the reverse of your race number.

Your chosen hoody size will be marked on the front of your race number and you will not be able to change this for a different size.

## BAGGAGE

There will be a baggage drop facility available at The Arc (Registration/Start location). Bags will then be moved to the Finish for collection at the Clowne Community Centre. All bags are left at the owners responsibility and we cannot be held responsible for any loss or damage caused by the use of these facilities.

## WEATHER

Due to the time of year that the event takes place, we can expect a variety of conditions on the day. The safety of competitors is our number one priority, and the event may be subject to cancellation if, for any reason, conditions are deemed to be unsafe. No refunds will be given in the event of a cancellation.

## FUN RUN

Once the Half Marathon race is under way, family and friends are invited to head across to the Clowne Community Centre (the Finish location of the Half Marathon) to take part in the fun run. Entry is £2.00 per person, all participants will receive a memento. Entries for the Fun Run are available on the day.

## THE COURSE

The start will be organised into assembly zones based on your expected finish time. Please use the zone that will be best suited to your finish time and overall pace to ensure an easy and efficient start to the race. The zones will be as follows: Sub 1:30 / 1:30-1:45 / 1:45-2:15 / 2:15+

The 2018 Clowne Half Marathon follows the 'new' route that has been used since 2016. We've made one small change to the course this year, at approx. 6 miles, as you approach Elmtan Green you will turn left to go around the green, rather than going around to the right. Don't worry, it'll be clearly marked and marshalled and this small change has allowed us to make some great improvements to the layout of the finish area.

There will be mile markers at every mile and drinks stations at miles 3, 7, 11 (approx.) and marshals at regular points along the course.

## SAFETY

The Half Marathon route runs on a mixture of open and closed public roads and footpaths. Please ensure that you pay attention to all instructions from marshals, police and signage. Use footpaths when available and stay to the left hand side when on any roads, unless specifically instructed otherwise by signage and/or marshals.

The course is designed to be enjoyable but can also be challenging in places. Please ensure that you are fit and in good health before taking part. If you find yourself experiencing any problems during the race, please report to a marshal as soon as possible.

First aid will be provided by St. John Ambulance.

We will have a sweeper bus travelling behind the last runners. Anyone that is struggling to continue at any point can leave the race via this bus.

The race has a cut-off time of 3hrs 30mins. The sweeper bus will be travelling at this pace and any participants that cannot remain on course to finish within the race cut-off time will be asked to withdraw.

Under UKA Rules of Competition, headphones are not permitted and anyone found wearing headphones during the event will be disqualified.

## RESULTS & PHOTOS

Results will be published on the Clowne Road Runners website: [www.clowneroadrunners.org](http://www.clowneroadrunners.org) & UK Results website: [www.ukresults.net](http://www.ukresults.net)

Photographers will be in attendance taking pictures of you at random places around the course. These will be made available to you for FREE sometime after the event. Should you wish for any photo of you to be removed, please contact Clowne Road Runners. Should you wish that no photos are taken then please inform the Event Organisers where every effort will be made not to take photos of you.
